Accounts for the project

We use a separate template for project accounts, which can be downloaded from this page (see box).

In general, we follow the same accounting standard and practice for accounting as the Research Council of Norway. Guidelines for calculating payroll and indirect expenses can be found [here](#).

We have also shared an [excel sheet with an example](#) of how to calculate payroll and indirect expenses.

You will find the presentation from our [course in project accounting](#) on this page (Norwegian only).
